- **Postgraduate qualification in Child Developmental Psychology, Monash University**

EXPERIENCE

Jodi Micari has been a member of the National Golf Club since 2018, having previously been a member of Brighton Golf Club for more than 20 years. Her involvement at The National includes representing the Club in Friday Metropolitan Pennant, GPV Pennant, Interclub and Women's Bowls, serving on the Match Sub-Committee, chairing the National Invitational Event Committee, and holding the positions of Women's Golf Coordinator from November 2022 and Club Vice Captain from June 2026.

As Women's Golf Coordinator, Jodi worked collaboratively with members, volunteers and staff to grow women's golf and increase participation. During her tenure, The National received the R&A Women in Golf Charter's Most Progressive Club award in 2024 and was a finalist in Golf Australia's inaugural Women & Girls in Golf Award in 2025.

Jodi is the founder and Managing Director of Axia Solutions Family Contact Services, established in 2006. Over the past 20 years, she has grown the organisation into Australia's leading provider of children's supervised contact services, operating across Victoria and New South Wales and employing more than 70 staff.

Her career began in research before she spent more than a decade in Victoria's Child Protection Services, holding operational, leadership and senior management positions. Her extensive professional experience encompasses strategic planning, financial management, corporate governance, risk management, regulatory compliance, workforce development and stakeholder engagement. Jodi has also contributed to consultations with the Attorney-General's Department on national accreditation standards for Children's Contact Centres and participates in state and national industry forums.

With extensive executive leadership experience and a strong understanding of The National's culture, operations and member experience, Jodi brings a collaborative approach to governance, strategic planning and the Club's long-term sustainability.
